Poster Presentations

Tuning HW-SW Codesign for Parallel Operation
   L. Carro and A. Suzim

Communication, Constraints and User Directives in COSYMA
   R. Ernst and T. Benner

Hardware-Software Codesign for Multirate DSP System Development
   A. Jantsch, J. Isoaho, and J. Oberg

Optical Flow: A Codesign Case Study
   J. Brage and S. Pedersen

Specification Analysis for HW/SW-Partitioning
   W. Hardt and R. Camposano

Preparation of Retargetable Code Generation Using Constraint Logic Programming
   U. Bieker

A Discussion of the Synchronous Object-Oriented Language CoL
   R. Budde
