Session 34
EDA and the WWW

Chair: Sean Murphy
Organizer: Sean Murphy

This session examines the World Wide Web and how it may affect EDA. The first paper presents some initial work, examining data exchange, business transactions, and other topics. The panel will continue exploring uses of the Web focused on EDA with panelists from EDA companies, EDA customers, and universities.

34.1 The Case for Design Using the World Wide Web
Mário J. Silva, Randy H. Katz

Panel: The Impact of the World Wide Web on Electronic Design and EDA
Panelists: Jeff Allison, Jeff Angwin, Bob Dahlberg, Steven Levitan, Rob Rodin, Alex Silbey
